	31,459.95		

***About the grant**

The Unrestricted Endowment provides the Foundation with the most flexibility to respond to changing community needs. Income from the Unrestricted Endowment is disbursed in response to Quality of Life grant applications. Funds that belong to the Unrestricted Endowment are listed on page X.

Field of Interest grants originate with donors who have defined the aspect of community most important to them and have entrusted the Foundation to select an appropriate grant recipient.

Donor-designated grants are provided by donors who establish funds to support particular named charities that are personally meaningful.

Donor advised grants give donors the flexibility to respond to changing community needs and be actively involved with our Donor Services Manager each year in selecting the charities that will benefit from their fund. Donor advised funds make an effective alternative to establishing a private foundation.

Agency Endowment Funds are established by charities to provide annual income for their operations.

Flow-through funds are not endowed. Donors may flow funds through the foundation to the cause of their choice following Canada Revenue Agency regulations. We award flow through grants on behalf of individuals, families, or businesses.

Student Awards each have their own selection committee that chooses recipients based on the criteria of the award.
